End of stay cleaning: Most people automatically clean up after themselves at the end of their stay. However, if you do not wish to clean the house yourselves, we can arrange to have the house cleaned after your departure at a fee of £100. We will add £100 to the balance amount required 8 weeks in advance.

If you opt to clean up yourselves, we expect only that you clean up any mess made by yourselves, not to deep clean the house! For instance, in the kitchen, wash up utensils, plates etc, clean work surfaces & tables, put your rubbish in the outside bins, clean the oven grill pan and top of oven, wipe out any spills in the fridges, Hoover up sand and dog hair from kitchen floor and mop the floor if dirty. Elsewhere, Hoover up sand left in bedrooms, entrance hall, entrance hall rug, landings & stairs, sitting room and bathrooms. Clean the toilets, wipe round sinks & baths, check outside for dog mess on lawn or flowerbeds.

I agree to clean the house/pay the cleaning fee (as chosen) and also to pay for any major damage to the house as a result of my/my parties actions. (we don't worry about the odd broken glass or cup/plate etc.	Please sign:
